Re: HCCA Information and Documents, HCCA 2017 and 2018 Annual Convention
Issue: 2017-02-09 #02

- **HCCA Information and Documents**

Project – Over the past year, we have been working on developing, creating and storing digital documents for visitors, members and directors that visit the HCCA web site. During the past year, the delivery time line was expanded to address and fix gaps in information by finding answers to common questions.

- So far over 60 documents have been created and saved to digital documents and or picture files.
- A master document describing the content of the project has been created that identifies the content and organization of website storage pages - Topic “folder groups”, Titles, descriptions, Document file name, and access limitation (World, HCCA Members, Directors).
- The web site **Test** pages have been created (they are not yet viewable by members) for storage of the files. The next step is to install the files in the test area and test the viewing

We will keep you apprised ...

- **Cost of Services** – In order to better manage the finances of the organization, the finance committee has worked on finding better investments for capital. For the management of expenses, a cost of services document has been created to review the costs of each HCCA service – Office, Magazine and Web Site.

- **HCCA Annual Convention** – We are planning ahead and desire to support all regions of the country ...

- ✓ 2017 HCCA Convention in Oklahoma City (see web site calendar for registration inf.)
- ✓ 2018 Convention – Location being considered

Recently an email was sent out to all Regional Group, Affiliated Registry and member contacts ...

Attention all HCCA Regional Groups and Affiliated Registers

Help us Celebrate 80 Years of HCCA Touring

HCCA National Grizzly Bear Tour and National Convention
Meeting of the Marques - April 7- 11, 2018

We need member help to determine the level of interest for a tour, special display and Annual Convention in April of 2018.

WHEN: Saturday April 7 to Wednesday April 11, 2018

WHERE: Wawona Hotel (Big Trees Lodge) – Yosemite National Park, California

WHAT:

Saturday (4/7/2018) - **Meeting of the Marques.** We will be inviting all the affiliated registers to gather their members and cars in one place. Not a “car show” but an opportunity for fellowship, education and comparisons open to all HCCA members. Immediately following that event on Saturday evening we will have a welcome BBQ dinner for all.

Sunday to Wednesday (4/8 – 4/ 11/2018) –

2018 HCCA National Grizzly Bear Tour and HCCA National Convention

Our hope is for many of the participants in the Meeting of the Marques to stay on for the national convention and we will attempt to get all who do not have pre-1916 cars a ride for the tour. We need brass car owners to attend and offer rides!

Immediately following is the annual **Bakersfield Tour and Swap Meet** (April 12-14, 2018), only 175 miles south. An entire week of fun!

Since this is a relatively new concept, we need to know your interest to decide on the size of venues and how many rooms to block.

PLEASE contact the organizers by email or phone with your thoughts and interest.
